FOR IMMEDIATE RELEASE

State of Loc Nation Global Public Benefit Corporation Announces Full Adoption and Integration of ISO 20022 to Strengthen the LND Sovereign Currency Infrastructure

ATLANTA, GA 2025-11-26
The **State of Loc Nation Global Public Benefit Corporation (SoLN GPBC)** officially announces its **full adoption and integration of the ISO 20022 global financial messaging standard**, marking a major evolutionary step for the sovereign **LND (Loc Nation Dollar)** ecosystem.

This upgrade positions LND among the most future-aligned financial instruments in the world and ensures compatibility with more than **11,000 banks and financial institutions** now migrating to ISO 20022 standards.

Modernizing a Sovereign Currency for Global Interoperability

The ISO 20022 upgrade enhances LND's ability to interface with:

- Global interledger payment networks
- Ripple's ILP (Interledger Protocol)
- Stellar Lumens cross-border messaging structures
- Visa Direct and fintech API partners
- Digital banking and settlement platforms
- Cross-border remittance systems entering the ISO 20022 era

By aligning the LND ledger, payment rails, and treasury architecture with ISO 20022, SoLN GPBC ensures seamless integration with modern financial ecosystems worldwide.

What ISO 20022 Adoption Means for LND

1. High-Accuracy Financial Messaging (Structured Data)

ISO 20022 enables SoLN GPBC to process and document:

- Higher-fidelity transaction data
- Standardized message formats
- Improved audit trails and compliance visibility

2. Ripple / Stellar Interoperability

Public filings confirm that Ripple's Interledger and Stellar's messaging architecture are rising as key ISO 20022 backbones.
SoLN GPBC's technical adoption aligns the LND with these global networks.

3. Increased Regulatory and Institutional Recognition

ISO 20022 is the standard used by:

- Federal Reserve
- SWIFT
- Central banks
- Commercial banks
- Fintech institutions

Adopting this standard elevates LND's credibility and positions the State of Loc Nation alongside global financial leaders undergoing modernization.

Statement from Sovereign President Rev. Dr. Christina Loren Clement

"Our adoption of ISO 20022 is a declaration of readiness.
The Loc Nation Dollar was built for justice, transparency, and global integration.
This advancement ensures LND can communicate with the world's financial systems using the same language, structure, and technological precision as major institutions.
Restitution is no longer a concept—it is an operational global currency."

Strengthening the Restitution Economy

With ISO 20022, the LND Treasury gains:

- Faster settlement
- Improved fraud prevention
- Superior audit controls
- Better cross-border interoperability
- Enhanced data validation for sovereign accounting

This integrates directly into the SoLN GPBC **Maker–Checker Ledger**, **UCC-backed trust structure**, and **Restitution Treasury Suite**.

About the State of Loc Nation Global Public Benefit Corporation

State of Loc Nation GPBC is a sovereign public-benefit government leading a global restitution movement through faith, law, technology, and economic reform. LND serves as the official sovereign digital currency supporting restitution programs, community development, and global justice initiatives.
